“What Is a Witch? A **witch** is a woman thought to have magical powers. The name ‘**witch**’ comes from the Old English word ‘Wicca’ which means ‘wise one.’ Men who are thought to have powers of **witchcraft** are often called warlocks.”

Witches: Real Origins, Hunts & Trials - HISTORY

The modern visual image of the ™folklore witch

The modern visual image of the “folklore” **witch**, made popular by the film representation of the Wicked Witch of the West in *The Wizard of Oz* (1939), is an old hag with a hooked nose and a mole, wearing a pointed hat and flowing robes, and flying on a broomstick. Once upon a time the horror story was content to deal with things that go shriek in the night, with mad scientists, leering zombies, monsters, ghosts, **witches**, vampires and damsels in distress. Fairy tale **witches** (not to

be confused with our chic Wicca sisters) are rude, with a tendency to cackle at the misfortunes of others.

Witchcraft traditionally means the use of magic or supernatural powers to harm others.^{[1][2]} A practitioner is a **witch**. In medieval and early modern Europe, where the term originated, accused **witches** were usually women who were believed to have attacked their own community, and often to have communed with evil beings. It was thought **witchcraft** could be thwarted by protective magic

A Brief History of Witchcraft in Art - Artsy

or counter-magic, which could be provided by cunning folk or folk healers. Suspected witches were also intimidated, banished, attacked or killed. Often they would be formally prosecuted and punished, if found guilty or simply believed to be guilty. European **witch-hunts** and **witch** trials in the early modern period led to tens of thousands of executions. Although some folk healers were accused of **witchcraft**, they made up a minority of those accused. European belief in **witchcraft** gradually dwindled during and after the Age of Enlightenment.

What is **The Witch** and what is it about? **The Witch** is a dark 2015 supernatural thriller from writer and director Robert Eggers. The film takes place in 17th century New England and is the story of an excommunicated family that is banished to a secluded wilderness and are soon torn apart by tragedy. Supernatural events lead them to believe there's a **witch** among them and suspicion and chaos ensue.

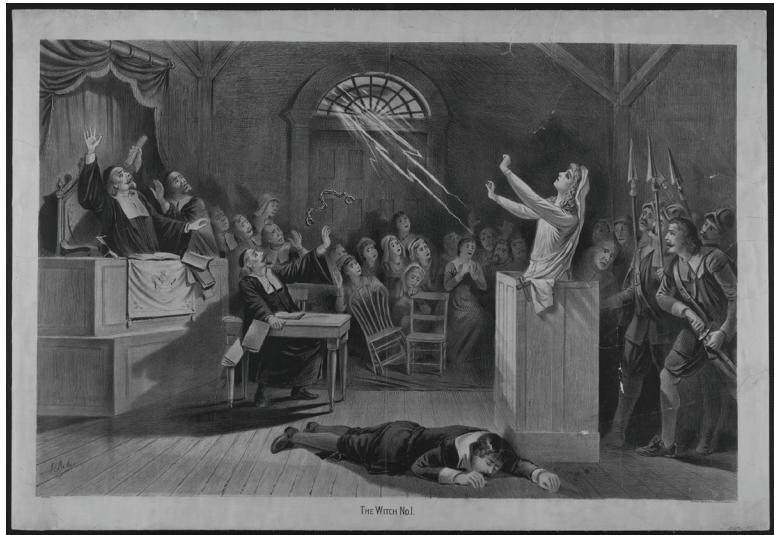

A **witch** and her familiars, illustration from a discourse on **witchcraft**, 1621; in the British Library (MS. Add. 32496, f. 53). The terms **witchcraft** and **witch** derive from Old English wiccecraft: from wicca (masculine) or wicce (feminine), pronounced “**witchah**” and “**witchuh**,” respectively, denoting someone who practices sorcery;

and from crafte meaning “craft” or “skill.” Roughly equivalent words in other European languages—such as sorcellerie (French), Hexerei (German), stregoneria (Italian), and brujería (Spanish)—have different connotations, and none precisely translates another.

witchcraft, traditionally, the exercise or invocation of alleged supernatural powers to control people or events, practices typically involving sorcery or magic. Although defined differently in disparate historical and cultural contexts, **witchcraft** has often been seen, especially in the West, as the work of crones who meet secretly at night, indulge in cannibalism and orgiastic rites with the Devil, or Satan, and perform black magic. **Witchcraft** thus defined exists more in the imagination of contemporaries than in any objective reality. Yet this stereotype has a long history and has constituted for many cultures a viable explanation of evil in the world. The intensity of these beliefs is best represented by the European **witch** hunts of the 14th to 18th century, but **witchcraft** and its associated ideas are never far from the surface of popular consciousness and—sustained by folk tales—find explicit focus from time to time in popular television and films and in fiction.

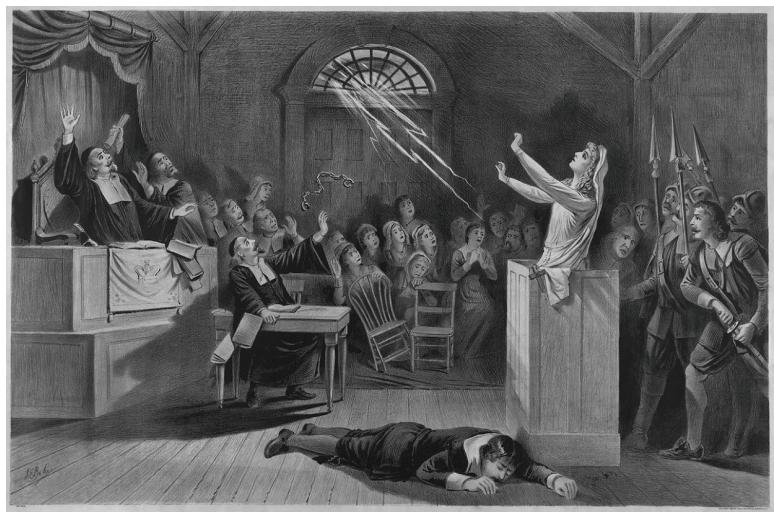

You would think I'd be sick of reading about catastrophes after a god-awful year, but I found

Gabbert's collection of essays about our darkest moments, including September 11, Chernobyl, **witch** hunts, and, yes, pandemics, to be strangely comforting. He also asks about quitting, **witch** trials, and whether we need a Manhattan Project for climate change. He still loves Halloween, and this Saturday his house's decorations will be themed around the "Hocus Pocus" **witches**.

Images of **witches** have appeared in various forms throughout history—from evil, wart-nosed women huddling over a cauldron of boiling liquid to hag-faced, cackling beings riding through the sky on brooms wearing pointy

hats. In pop culture, the **witch** has been portrayed as a benevolent, nose-twitching suburban housewife; an awkward teenager learning to control her powers and a trio of charmed sisters battling the forces of evil. The real history of **witches**, however, is dark and, often for the **witches**, deadly.

New England, 1630: William and Katherine try to lead a devout Christian life, homesteading on the edge of an impassable wilderness, with five children. When their newborn son mysteriously vanishes and their crops fail, the family begins to turn on one another. 'The Witch' is a chilling portrait of a family unraveling

within their own sins, leaving them prey for an inconceivable evil

(*vinákti*, “to set apart, separate out”).

From Middle English *wicche*, from Old English *wi e* (“**witch** (female), sorceress”) and *wi a* (“**witch** (male), sorcerer, warlock”), deverbative from *wi an* (“to practice sorcery”), from Proto-Germanic **wikk n* (compare West Frisian *wikje*, *wikke* (“to foretell, warn”), German Low German *wicken* (“to soothsay”), Dutch *wikken*, *wichelen* (“to dowse, divine”)), from Proto-Indo-European **wik-néh₂-*, derivation of **weyk-* (“to consecrate; separate”); [I] akin to Latin *victima* (“sacrificial victim”), Lithuanian *vi kas* (“life-force”), Sanskrit

As thought-provoking as it is visually compelling, *The Witch* delivers a deeply unsettling exercise in slow-building horror that suggests great things for debuting writer-director Robert Eggers. Read critic reviews

In the story, a wicked **witch** put a curse on the princess for 100 years. The **witch** put a magic spell on the prince and turned him into a frog. The central character is a malevolent **witch** out for revenge.

Halloween History: The Witch Trials That America Forgot | Time

Many fairytales feature a scary **witch**. Which dessert would you like? An old woman considered to be ugly or frightening.

A creepy and captivating look into puritan life in the 1600's, until a **witch** in the woods turns everything upside down less than 10 minutes into the film. Neo-horror film based on New England folk tales as well as the fear of the wood and the supernatural. Well acted and filmed, the movie does not follow regular “scary movie” blue prints.

Diaz describes herself as a seer capable of reading auras and connecting with “the other side”; a plant whisperer who can communicate with her succulents; and one in a long line of healers in her family, which traces its roots to Cuba and the indigenous Taíno people, who settled in parts of the Caribbean. She is also a professional **witch**: Diaz sells anointing oils and “intention infused” body products in her online store, instructs more than 8,900 **witches** enrolled in her online school, and leads **witchy** workshops that promise to leave attendees “feeling magical af!” In 2018, Diaz, the author of the best-selling book *Witchery: Embrace the Witch Within*, earned more than half a million dollars from her magic work and was named Best **Witch**—yes, there are rankings—by Spirit Guides Magazine.

“They laughed at her. They pointed fingers, pulled their children away and whispered in the streets. They burned her home and drove her from the village. She got even. Flame, shadow, disease and frost. These are the tools of the mighty **witch** and she wields them with a reckless power she can barely control. Though she may look frail and delicate, do not underestimate her. Many have, and they are counted among the burned and withered corpses in her wake.”

You may need to wait outside on our front plaza for up to 15 minutes before entering the museum for your visit. Please plan accordingly especially during inclement weather. Tickets are sold ONLINE ONLY and we suggest you purchase them before you come to Salem, but be mindful of heavy traffic during peak seasons. We look forward to welcoming you to the Salem **Witch** Museum.

II

Beyond Salem: 6 Lesser-Known Witch Trials - HISTORY

The history of **witchcraft** is complex, and often raises more questions than it answers. Where did **witches** come from? And did they always arrive on broomsticks? We asked Professor Diane Purkiss to take us inside the minds of ordinary people and intellectuals in medieval and early modern England to reveal how the figure of the **witch** was born.

Witches have always walked among us, populating societies and storyscapes across the globe for thousands of years. From Circe to Hermione, from Morgan le Fay to Marie Laveau, the **witch** has long existed in the tales we tell about ladies with strange powers that can harm or heal. And although people of all genders have been considered **witches**, it is a word that is now usually associated with women.

12

Witch It! is a multiplayer hide & seek game set in a humorous, magical world. Brave hunters are tasked with finding the **witches** that curse their villages!

One particularly skilled or competent at one's craft: “A **witch** of a writer, [she] is capable of developing an intensity that verges on ferocity” (Peter S. Prescott). The American Heritage® Dictionary of the English Language, Fifth Edition copyright ©2022 by HarperCollins Publishers. All rights

reserved. Thousands of entries in the dictionary include etymologies that trace their origins back to reconstructed proto-languages. You can obtain more information about these forms in our online appendices:

Golden Globe winner Maura Tierney (ER, The Affair) is featured in this fiendishly funny new play by Jen Silverman (The Roommate, Collective Rage: A Play in Five Betties). A charming devil arrives in the quiet village of Edmonton to bargain for the souls of its residents in exchange for their darkest wishes. Elizabeth should be his easiest target, having been labeled a “**witch**” and cast out by the town, but her soul is not so readily bought. An inventive retelling of a Jacobean drama, this sharp, subversive fable debates how much our souls are worth when hope is hard to come by.

Arthur Miller’s 1953 play on the Salem **witch** trials, The Crucible, was written as an allegory of McCarthyism and the anti-Communist hysteria in the U.S. in the 1950s. Yet, more than sixty years later, this landmark work about social scapegoating remains provocative and timely. Professors Randall Styers and William Sturkey will provide historical context for both **witch** hunting in the early modern era, as well as Communist “**witch** hunting” in the U.S. in

13

Top 10 books about witch-hunts | Fiction | The Guardian

the 1950’s. These two contextual lectures will provide an excellent foundation for our presentation from director Desdemona Chiang and dramaturg Mark Perry who will discuss the ways the creative choices they made for the PlayMakers Repertory Company’s current production of *The Crucible* reinvigorate the play with a fresh look and renewed relevance in today’s world.

14 The WITCH model allows accounting for the complete dynamic of climate change mitigation and adaptation for dozens of macro-regions for the next 100 years. Learn some history': Mayor of Salem, Mass., blasts Trump over witch trials

Why the Witch is the Pop-Culture Heroine We Need Right Now

The Witch

The *Witch* was a play by Thomas Middleton, written between 1606 and 1620 (most likely c. 1613–16). It portrays the attempt of Rosamund, Duchess of Ravenna, to kill her husband Alboin after he forces her to drink a toast from a cup made from her father's skull. The *witch*, Hecate, is summoned to assist in this attempt. She also becomes embroiled in the romantic and sexual intrigues of the subplots, which revolve around a love triangle and an unwanted pregnancy. Although written much

earlier, *The Witch* was first published in 1778.

A whip-smart and illuminating exploration of the world's fascination with *witches* from podcast host and practicing *witch* Pam Grossman (*The Witch Wave*), who delves deeply into why *witches* have intrigued us for centuries and why they're more relevant now than ever. When you think of a *witch*, what do you picture? Pointy black hat, maybe a broomstick. But *witches* in various guises have been with us for millennia.

The Witches: Salem, 1692' by Stacy Schiff Masterfully Retells a Familiar Story - The Atlantic

Friends, we have some important news to share with you that from March 31, 2022, it will no longer be possible to play **Bubble Witch 2** Saga on Facebook. The good news is it will still be possible to play the mobile version of the game on iOS and Android. A huge thank you to all of you who have played **Bubble Witch 2** Saga through the years, we appreciate your support.

The Salem witch trials occurred in colonial Massachusetts between 1692 and 1693. More than 200 people were accused of practicing witchcraft—the Devil's magic—and 20 were executed. Eventually, the colony admitted the trials were a mistake and compensated the families of those convicted.

Are witches real? Yes, they are, and we're in the middle of a **witchcraft** renaissance. Whether you have a favorite TikTok tarot reader or are looking to deepen your practice beyond checking your horoscopes, you may have questions about precisely what it means to be a **witch**. All across the world, from Africa to North American Indigenous cultures, to the Puritanical attacks of the Salem **Witch** trial, the **witch** is a figure of hope and healing or evil and danger, depending on your point of view.

Guided by a practicing **witch**, discover the myths and the facts

surrounding **witches** and their craft! For the answers and truth behind the legends, make this your first stop while in Salem! Various combination tickets available. Gift shop, AAA, other discounts, group rates.

The Witch Wave is a podcast for bewitching conversation about magic, creativity, and culture. On each episode, host Pam Grossman (“the Terry Gross of **Witches**” - Vulture) speaks with a leading visionary about art and Craft.

Marvel has released a second trailer for “Doctor Strange in the Multiverse of Madness,” which is set to come to theaters on May 6. Many new secrets were aired, including a peek at Elizabeth Olsen’s Scarlet **Witch** potentially breaking bad, and a brief audio cameo from what sure sounded like Patrick Stewart reviving his role as Professor X from the “X-Men” series.

“The newest game in the popular **Bubble Witch** series. Stella the **Witch** is back and she needs your help to defeat Wilbur in this exciting puzzle blasting adventure! Wilbur may look cute, but he’s full of magical mischief! Travel the realm bursting as many bubbles as you can in this bubble shooting puzzle game.”

23

The true definition of a **witch**, as well as the history of **witches** in general, is widely debated. Many texts describe **witchcraft** as pacts with the Devil in exchange for powers to do evil and harm others. While this may have some truth in certain sects, for most modern-day **witches** it is quite far from their actual beliefs and practices.

Prepare yourself for a truly spooky Halloween Experience. Imagine if you will, sipping Broos and Spirits in the very woods roamed by the infamous Jersey Devil. Or how about spending the evening toe-to-toe trading dance moves with Frankenstein. **Witch-Craft** is a festival unlike any other with its haunted backdrop! This event is not to be missed!

Known in Japanese as majokko (魔女, literally "witch-girl"), this is the original Magical Girl archetype. Sometimes she's from Another Dimension or otherwise Magical Land unless the whole show is in a magical setting. Magic study is often equated with school, and many characters are out getting their licenses. The origin of magic is implied to be genetic with training required to hone it. She may be a princess, who may or may not be visiting Earth as part of training to become queen - if so, she may have to compete with rivals to the throne.

More than 300 years later, the Salem **witch** trials testify to the way fear can ruin lives of innocent people and the importance of due process in protecting individuals against false accusations. Some of those who insisted in 1787 that a Bill of Rights was necessary for the ratification of the Constitution undoubtedly knew about the treatment of the "Salem witches"

and how they had been deprived of the rights to which they should have been entitled under English common law.

With **The Witch Queen** expansion comes an entirely new Destiny 2 Raid set amid Savathun's Throne World. As the ultimate PVE challenge, Guardians are raring to go so here's an early rundown on when it goes live and what you can expect inside the Pyramid Ship as players take on the Vow of the Disciple.

It's not just the color of the legendary Ditch Witch machines, it's also what's inside each and every employee at the Ditch Witch manufacturing factory. That's because we truly believe in the principles upon which Ed Malzahn founded the company. The same principles that guide each and every decision made today. Those principles-honesty, hard work, and giving customers the best product in the world-were evident back in 1949, when Ed invented the original trencher. He called this revolutionary product the DWP for Ditch Witch Power. The simple but unique design was a combination of brains and brawn, with an endless conveyor digging chain that could dig a trench up to six inches wide and 30 inches deep, with pure power and relative ease. Together with its compact size and low cost, the DWP launched an entire industry and became the foundation for one of the leading underground construction companies in the world: The Ditch Witch organization.

Destiny 2 players who are confused about The Witch Queen's new Power Level caps can use this quick guide to learn more about them. Destiny 2's The Witch Queen is a huge expansion that brings a lot

of changes to the game's existing systems, while also implementing new ones, such as weapon crafting or the Void 3.0 update. As customary with yearly releases, The Witch Queen also comes with plenty of new Power Level caps, and it makes it so every player starts at the same base Power Level in order to even out the playing field. Because there are a few different caps, Destiny 2 players can use this quick guide for reference to better navigate The Witch Queen expansion and Season of the Risen.

Sabrina is a normal teenager, except for one thing — she's a **witch**! Guided by her aunts, who come from a long line of **witches**, and Salem, a mischievous warlock doing penance as a black cat, Sabrina continually struggles to harness her powers while wittingly wreaking havoc on friends and foes alike.

42

Significant in the collection are a small and extremely rare number of works by theologians who opposed the Inquisition, such as those of Cornelius Loos, the first theologian in Germany to write against the **witch** hunts. The most important materials in the **Witchcraft** collection, however, are the court records of the trials of **witches**, including original manuscript depositions taken from the victims. These documents, in both original manuscript and in print, reveal the harsh outcome of the more remote doctrinal disputes. Perhaps the most significant of all manuscripts in the **Witchcraft** collection is the minutes of the **witchcraft** trial of Dietrich Flade, a sixteenth-century

city judge and rector who spoke out against the cruelty and injustice of the persecutions in the 1580s. These and other trial documents are listed in the collection's finding aid.

The novel follows the travels and travails of Sogolon, the aforementioned **Moon Witch** that Tracker frequently conflicted with in his novel. Some of her story retells Tracker's, Rashomon-style, but much of it is her own life, one that begins with oppression and ends with a hard-won semi-freedom. James sections Sogolon's journey into five parts, throughout which we witness the growth of her power, both physical and magical. She trains as a fighter and is smart and observant enough to outwit her enemies. Add to that her "wind (not wind)" — a force she never fully controls but one that is there when she needs it the most — and you have a very formidable woman.

Destiny 2's big new expansion **The Witch Queen** arrives today for all platforms, though its pre-load has been held up on PS4 due to "an unforeseen issue". Late last night, PS4 owners reported being unable to download the game's ~72GB of required content files ahead of **The Witch Queen** going live today. Other platforms, including PS5, are unaffected.

So where does all this leave us today? **Witches** are still very much female in the public imagination and labelling a powerful women a **witch** (such as the vitriol aimed at Julia Gilliard and Hilary Clinton) is a sure-fire way to conjure up imagery of an evil, dried-up and nasty woman. Many are unaware that men were ever accused of **witchcraft** or that this was not purely a process of men persecuting women.

Switch Witch is an original children's book and **Switch Witch** doll that helps families get rid of too much Halloween candy! Here is the story: Every year, in the beginning of October, many young **Switch Witches** say goodbye to their parents, hop in their flying cauldrons, and go visit kids for a long sleepover play date. During the weeks leading up to Halloween, kids can play with their **Switch Witch**. In exchange for a nice visit, their **Switch Witch** will turn some of their Halloween candy in to a gift! Then off they all fly — back home to their own families — until next Halloween when they will return to visit again.

"Aha!" she said. "So you saw the **witch** properly outfitted. I have been waiting for you and wanting you for a long time. Light the way for me now!" With that she turned the girl into a block of wood and threw it into the fire. When it was

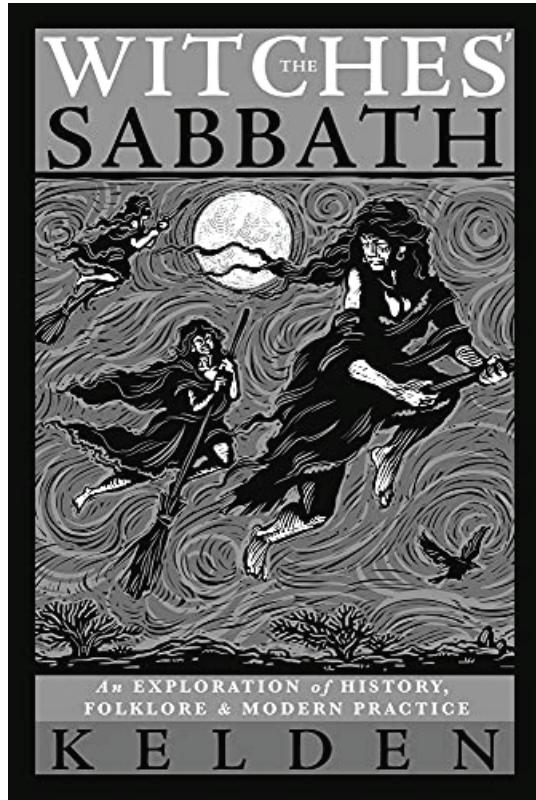

thoroughly aglow she sat down next to it, and warmed herself by it, saying: "It gives such a bright light!"

The season of the **witch** is here! With Halloween and all-spooky-everything taking over for the month of October, you're bound to spot one of the most popular costumes of all time: the **witch**. However, before you dress up as this iconic and magical being, or schedule your annual viewing of Hocus Pocus or Double Double Toil and Trouble, you might be craving some real tea about that **witchy** gear and the history behind their traditional getups.

A **witch** practitioner[1] (also known as a practitioner[2] or, ambiguously, a **witch**[2]) is a mortal who, while not possessing a piece of the All, has the ability to tap into it to perform magic.[3] While not considered especially powerful, they can be assigned whitelighters by the Council of Elders,[2] and, while also known as **witches**, are distinct from magical **witches**.[1] Some practise magic in covens which may (in the case of Penny Halliwell's coven)[4] or may not (in the case of Susan Coleman's coven)[5] include magical **witches**.

What Is a **Witch**? A **witch** is a woman thought to have magical powers. The name '**witch**' comes from the Old English word 'Wicca' which

means 'wise one.' Men who are thought to have powers of **witchcraft** are often called warlocks.

Increasingly, many women are attempting to re-appropriate the label of **witch** as a powerful signifier of feminine power rather than as a dangerous insult. Some are even taking on this power to make a political point (see, for example this spell to bind Donald Trump). There are, of course, potential problems with people today taking on the label of **witch**. First and foremost is the fact that the vast majority of those accused would never have thought of themselves as **witches** – and the fact that they were not guilty of the crimes attributed to them. Second, although being accused of **witchcraft** is no longer dangerous in most western countries, in areas of the South Pacific, Asia and Africa, people believed to be **witches** are still persecuted and, even in places where laws have been changed to disallow **witch-hunting**, many men and women are still attacked and even killed by their neighbours under suspicion of **witchcraft**.

The **Witch House**, home of Judge Jonathan Corwin, is the only structure still standing in Salem with direct ties to the **Witchcraft Trials of 1692**. As a local magistrate and civic leader, Corwin was called upon to investigate the claims of diabolical activity when a surge of

witchcraft accusations arose in Salem and neighboring communities. He served on the Court of Oyer and Terminer, which ultimately sent nineteen to the gallows. All nineteen refused to admit to **witchcraft** and maintained their innocence.

The medium of **Witch Please** flipping on itself is that it no longer talks about Harry Potter and just becomes an audio BA program. We CANNOT WAIT for this book! Thanks to EVERYONE for coming to this event!

NPR's Michel Martin speaks with bestselling author Marlon James about his latest novel, **Moon Witch, Spider King**. Bestselling author Marlon James is known for creating vast, intricate worlds with compelling characters. That skill has earned him much acclaim. In 2015, he won the prestigious Man Booker Prize for "A Brief History Of Seven Killings." And in 2019, he was a National Book Award finalist for "Black Leopard, Red Wolf." Now he's showing us his powers once again with a new novel, "**Moon Witch, Spider King**."

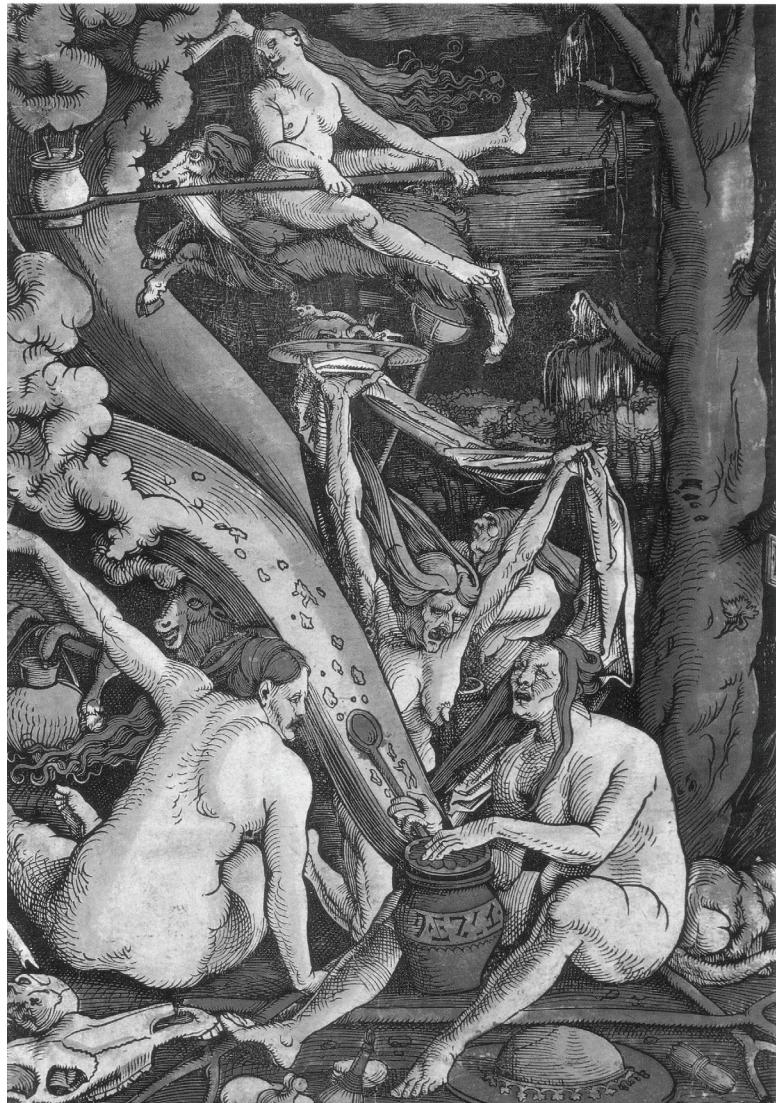

The book is epic, spanning decades and involving many characters, and it is also part origin story, focusing on Sogolon, a persistent woman who sets out to find a missing child.

The Jonathan Corwin House in Salem, Massachusetts, USA, known as **The Witch House**, was the home of Judge Jonathan Corwin (1640–1718) and is the only structure you can visit in Salem with direct ties to the Salem **witch** trials of 1692. In 1675, Jonathan Corwin, heir to one of the largest Puritan fortunes in New England, purchased this large and stately house. Seventeen years later, Corwin and his family would take part in the most famous **Witch Hunt** in American History.

So there we were, minding our own business in the forest. It was kinda idyllic, you know? Peace, happiness, harmony with nature, and OH YEAH, it was extra awesome because, get this, MY MOM IS A **WITCH**?! Well, I guess TECHnically she is, but she's more like a Harry Potter **witch** than a creepy **Witch Hazel** type, 'cause bless her heart, she always uses her powers for good. Anyway, she's the best, but this is also exactly when things went wrong.

Witch hazel is a plant. The leaf, bark, and twigs are used to make medicine. You may see a product called **witch hazel** water (*Hamamelis* water, distilled **witch hazel** extract). This is a liquid that is distilled from dried leaves, bark, and partially dormant twigs of **witch hazel**. **Witch hazel** is taken by mouth for diarrhea, mucuscolitis, vomitingblood, coughing up blood,

tuberculosis, colds, fevers, tumors, and cancer.

Suicide Squeeze Records is proud to offer up **One Way or the Highway**, their latest installment in an ongoing series of split 7" singles, this time featuring Atlanta's **The Coathangers** and Southern California's **L.A. Witch**. For their contributions, both bands opted to reinterpret beloved songs by classic punk pioneers of their respective coasts. **The Coathangers** do their spin on Blondie's "One Way Or Another," employing their trademark sweet-and-salty combination of scrappy punk and twee pop to highlight the song's spiky riffage and gritty soul while retaining its beguiling hooks. **L.A. Witch** take on **The Gun Club**'s smoky punk blues with an exhilarating rendition of "Ghost on the Highway." The trio harness all of the original's propulsive energy and rockabilly swagger while adding a seductive element to the song's tales of ominous temptations, draping it all in an extra coating of dusty tolex reverb to bolster its vintage flavor. **One Way or the Highway** will be available in the Fall of 2021 on vinyl and digital platforms. The initial vinyl pressing is limited to 1,000 copies—100 copies on Pretty Baby (**The Coathangers** exclusive), 100 copies on Voodoo Purple/Green (**L.A. Witch** exclusive), and 800 copies on Triple Threat Vinyl.

“Images of witches have appeared in various forms throughout history—from evil, wart-nosed women huddling over a cauldron of boiling liquid to hag-faced, cackling beings riding through the sky on brooms wearing pointy hats... The real history of witches, however, is dark and, often for the witches, deadly.”
